

# Spring Lake Park

## 2016 Golf Cart Registration Agreement

Welcome to Spring Lake Park! We are one of the few public-private management parks that allow golf carts on park property. This is a privilege that we are trying to maintain, so we need everyone's cooperation. Operation of golf carts on park property is a privilege that can be revoked.

State law requires all golf carts in campgrounds carry liability insurance. To operate any cart on Spring Lake Park property, you must obtain a golf cart permit. To obtain a permit, bring your golf cart for inspection, \$5, and proof of insurance to a host camper for your Spring Lake Park permit.

Rules of the road:

1. Operators must be licensed drivers. Teens with learner permits may drive with a licensed operator present in the vehicle.
2. Golf carts must have functional brakes and be well maintained.
3. No golf cart may be operated on park property after dark without front and rear lights.
4. Open alcohol or operating while under the influence is expressly prohibited.
5. The park is city property, and all state laws apply.
6. Any accidents or injuries will be reported to local law enforcement.

Violations:

1. Persons who are not registered will get one warning before tickets are issued.
2. Upon the first violation of the rules, the registrant will receive a verbal warning.
3. Upon the second violation, the registrant will receive a two-week suspension of privileges.
4. Upon the third violation, the registrant will lose golf cart privileges and lose the ability to lease an annual spot.
5. Drivers operating while under the influence will lose all golf cart privileges and the ability to lease an annual spot upon the first violation.

Confirmation of agreement for all operators:

I, \_\_\_\_\_, understand the rules laid out in this contract and agree to abide by them.
